RES  IPSA

FALL / WINTER 2026

A woman with short dark hair is walking barefoot on a sandy ledge overlooking the ocean. She is wearing a long, flowing kimono with a complex, colorful pattern of flowers and traditional motifs. The background is a clear blue sky with a few wispy clouds. The overall mood is serene and evocative of travel and culture.

Our Brand is Travel

More than just a destination, travel is a way of life—it's the essence of everything we create. Founded by two globally-minded lawyers, Res Ipsa was born from a shared passion for culture, craftsmanship, and thoughtful design. What began with handmade ties has evolved into a global brand that embraces exploration, creativity, and sustainable practices.

We hand-weave our own fabrics, repurpose unique textiles, and craft products that carry the spirit of the places they come from and the people who create them. Each piece tells a story—rooted in intention and designed to endure. We love the people who wear our work. The pieces they choose are more than accessories—they're reflections of identity, expressions of soul, and windows into the parts of themselves they want to share with the world.

At Res Ipsa, we prioritize authenticity and slow, mindful production over fast, disposable trends. Our work embodies a quiet luxury, created for those who value craftsmanship and move through the world with purpose, confidence, and style.
